40V MAX CHARGER DC40RA

- ▶ FAST CHARGE.
- ▶ FORCED AIR COOLING SYSTEM.
- ▶ SELECTABLE ALARM TO INDICATE BATTERY CHARGE.
- ▶ LXT BATTERIES COMPATIBLE WITH ADP10.

ADP10 ADAPTER

VOLTAGE	18V (USING ADP10 ADAPTER)						40V

XGT BATTERY IMPROVEMENTS

- ▶ RESISTANCE TO FALLS.
- ▶ DETAILED USAGE MEMORY.
- ▶ DIGITAL COMMUNICATION BETWEEN TOOL AND BATTERY.
- ▶ IMPROVED WATER RESISTANCE.

RED INDICATOR

Sometimes difficult to see in places with a lot of light.

GREEN INDICATOR

Indicator visibility in brightly lit places.

NEW SYSTEM WITH MORE POWER, PERFORMANCE AND DURABILITY

BL MOTOR XPT

TD001G IMPACT DRIVER 220 N.M

- Powerful BL Motor delivers up to 220 N.m (1,950 in.lbs.)
- Up to 0 - 3,700 RPM and 0 - 4,400 IPM
- 1/4" Hex shaft
- Features 4 speeds + 2 Teks modes + Wood mode + 3 bolt modes.
- This model is ideal for heavy, consecutive applications such as tightening carriage (or round head) bolts.
- 50% faster than the DTD171 model.

AFT BL MOTOR XPT

HP001G HAMMER DRILL 1/2"

- Powerful BL Motor delivers:
 - Low: 0 - 650 RPM High: 0 - 2,600 RPM
 - Low: 0 - 9,750 IPM High: 0 - 39,000 IPM
- 13mm (1/2") metal chuck
- Maximum Torque: 141Nm or more
- Electric clutch allows greater range of high torque
 - Low: 41 positions (1 - 45 Nm)
 - High: 21 positions (1 - 10 Nm)
- The speed of drilling with self-powered drills has been improved by more than 20% compared to current models and the competitor model.

BL MOTOR XPT

TW001G IMPACT WRENCH 3/4"

- Powerful BL Motor produces up to 2000 N.m.
- Variable speed (RPM):
 - 0 - 1,800 / 0 - 1,400 / 0 - 1,150 / 0 - 950.
- Full Speed mode.
- 3/4" Square Drive.
- Fastening Capacities:
 - Standard bolt: M12 - M36 (1/2" - 1-7/16").
 - High Strength bolt: M10 - M27 (3/8" - 1-1/16").
- Compact overall length for easy handling and control.

AFT AWS BL MOTOR XPT BRAKE ADT

HS003G CIRCULAR SAW 185MM (7-1/4") / 190MM (7-1/2")

- Powerful BL Motor produces up to 6,000 RPM.
- It has a cutting depth of up to 68.5mm (2-11/16") at 0°.
- Capable of bevel cuts up to 56°.
- Performs continuous work even in high-demand applications.
- Lighter than the LXT DHS781 model, because it uses 1 battery.
- Anti-Restart Technology for increased operator safety
- Magnesium base for durability and light weight.

AFT AWS BL MOTOR XPT AVT SOFT NOLOAD

HR001G ROTARY HAMMER 28MM (1-1/8") SDS PLUS

- Powerful BL Motor delivers 2.8 Joules of impact energy.
- Up to 0- 980 RPM and 0-5,000 Blows Per Minute.
- 3 Modes of operation: "Rotation Only", "Hammering with Rotation" or "Hammering Only".
- Variable speed trigger and adjustment dial.
- Same power as model DHR280 (18V X2).
- Soft No Load Technology.

BL MOTOR XPT AVT

HR003G ROTARY HAMMER 28MM (1-1/8") SDS PLUS

- Powerful BL Motor delivers 2.8 Joules of impact energy.
- Up to 0- 980 RPM and 0-5,000 Blows Per Minute.
- 3 Modes of operation: "Rotation Only", "Hammering with Rotation" or "Hammering Only".
- Variable speed trigger and adjustment dial.
- Same power as model DHR280 (18V X2).

AFT BL MOTOR XPT BRAKE

GA004G ANGLE GRINDER 115MM (4-1/2")

- Powerful BL Motor produces up to 8,500 RPM for continuous and heavy applications.
- Power similar to a 1,000W AC grinder. (Reference: 9564P)
- Sliding switch on top for comfort in continuous use.
- Maximum disc thickness to be used: 7.2mm (9/32")
- Up to 30mm depth of cut.
- Performs continuous work even in high demand applications.
- Anti-Restart Technology for increased operator safety.
- Electric brake for greater productivity and operator safety.

BL MOTOR XPT

JR001G RECIPROCATING SAW 32MM (1-1/4")

- Powerful BL Motor delivers:
 - Low: 0 - 2,300 SPM High: 0 - 3,000 SPM
- Cutting length: 32mm (1-1/4")
- 2 speeds:
 - High for cutting wood / Low for cutting metal.
- The vertical crank mechanism minimizes blade deflection and reduces vibration to the machine.
- The lever system is used instead of the button system.
- Prevents blade lock from being released unintentionally
- The battery housing is separated from the tool. This reduces vibration and abrasion of the battery terminals and tool.
